

## Corporate Overview

Since its founding in 1899, Legg Mason has evolved into one of the largest asset management firms in the world, serving individual and institutional investors on six continents.

Today's Legg Mason is a globally diversified group of independent asset management firms ("affiliates") who are recognized for their proven investment expertise and long-term performance. The principal investment affiliates of Legg Mason are among the industry leaders in their respective areas of specialization, with unique investment approaches that have been developed over decades. The distinctive Legg Mason "multi-manager" business model provides clients with a broad spectrum of investment solutions across asset classes, geographies and channels.

Legg Mason's corporate services include global retail distribution, capital management, as well as fiduciary and governance oversight. The diversification and balance of Legg Mason have fueled the company's performance over its twenty-eight year history as a public company.
